

# INsite v. 3.7d Release Notes

October 7, 2009

**Deadline:** the deadline for applying this patch is **October 23, 2009**. Any CCB finalized with an earlier version of INsite and submitted to the State after that date will be automatically denied.

## New CA-PRTF Services

The following services are now available to add to CCB's:

- FSTN: Support & Training for Non-Family (includes registration, fees and supplies.
- FSTF: Support & Training for Family (includes registration, fees and supplies.  
*Note: the annual limit for FSTN, FSTF, and FST is \$2000 per Grant recipient.*
- RFAC: Respite in Medicaid-certified PRTF. Limit of 14 consecutive days per usage.

## Flex-Fund Change

The unit rate for Flex Funds will now be \$1.00. This means that when you add Flex Funds - the cost per unit will be \$1.00 so the month should contain the total number of 'units' for that month. For example, if we wanted to use \$125 in the month of November, the screen should look like this:

CCB Cost <input type="text" value="1.00"/>		Per 1.00 UNIT			
1 unit = 1.0 UNIT	CCB Units	1 unit = 1.0 UNIT	CCB Units	1 unit = 1.0 UNIT	CCB Units
April 2009	<input type="text" value="0"/>	August 2009	<input type="text" value="0"/>	December 2009	<input type="text" value="0"/>
May 2009	<input type="text" value="0"/>	September 2009	<input type="text" value="0"/>	January 2010	<input type="text" value="0"/>
June 2009	<input type="text" value="0"/>	October 2009	<input type="text" value="0"/>	February 2010	<input type="text" value="0"/>
July 2009	<input type="text" value="0"/>	November 2009	<input type="text" value="125"/>	March 2010	<input type="text" value="0"/>

Units can be provided during any date covered by the CCB.

## Service Units per Month

You will no longer be prompted to enter the units per month when adding a service to a CCB. Each month will start with zero units. Therefore, you must enter the desired units for each month when services are to be provided

Also the system will no longer ask you if you want to change the units for subsequent months when you change the units in one month.
